**Live simply tip of the week:** Reduce water use when gardening. Water in the early morning or late evening; direct the water to the roots; mulch with compost or bark to reduce water loss; grow drought-resistant plants; catch rainwater using water butts or use grey water from your house; try using a watering can rather than a hose. Consider signing the RHS from 'mains to rains' pledge <https://www.rhs.org.uk/gardening-for-the-environment/water> for more ideas.
